Saint John Community Liaison Committee established

SAINT JOHN, NB: Brunswick Pipeline announced today that it has established a community liaison committee for Saint John, with 10 volunteer members representing a broad range of interests and geographic areas within Saint John. A Southwest NB Community Liaison Committee will also be convened over the next few weeks.

“We believe that both committees will help broaden our understanding of community interests, and will complement our other public consultation and communication activities,” said Susan Harris, Community Relations Manager. “Throughout every phase of the pipeline’s development – from planning through to operation – we will work closely with the liaison committees to ensure public participation and input on community issues.”

The Saint John liaison committee held its first meeting on September 13 and will continue to meet regularly on every third Thursday of each month. Represented on the Saint John committee are:

Tammy Calvin
Gordon Dalzell
Brian Fitzpatrick
Claude MacKinnon
Carmel McCaig

Al McDougall
Ellen Murphy
Horst Sauerteig
Christine Saumure
S.M. Marguerite (Midge) Thompson

Members of the public interested in providing input to the liaison committee are encouraged to contact the volunteer members, or contact Brunswick Pipeline directly by calling the toll free line 1-888-491-3222 or send an email to brunswickpipeline@emera.com.

About Brunswick Pipeline

Brunswick Pipeline is a wholly owned subsidiary of Emera Inc. (EMA-TSX) an energy company based here in the Maritimes. We are proud to support the addition of a new and abundant supply of clean-burning natural gas in our region. Brunswick Pipeline will deliver natural gas from the planned Canaport™ Liquefied Natural Gas (LNG) receiving and re-gasification terminal near Saint John, New Brunswick to markets in Canada and the US northeast. The 145 kilometer pipeline will extend through southwest New Brunswick to an interconnection with the Maritimes and Northeast Pipeline at the Canada/US border near St. Stephen, New Brunswick. Visit Brunswick Pipeline’s website at www.brunswickpipeline.com.
